Who We Are?

Paradise Plants Berlin is an importer and wholesale company with a passion for great food and for providing sustainable, responsible natural ingredients to our customers. Our products range from raw ingredients for tea, herbs and spices, saffron, dried fruits and vegetables to nuts, organic products, gums and resins, and a variety of flavours. Grown in Iran, Laos, and Sri Lanka under our supervision, traditional farming and cultivation techniques combined with our

partners' processing expertise provide superior quality in taste and aroma. Our team takes pride in developing positive customer relationships and maintaining an open dialogue with both our farmers and customers. Food safety and product quality are also highly valued here at Paradise Plants Berlin. We have several processes in place so our customers can rely on the safety of our production systems. Our team representatives provide services to our German and international customers and orders are packaged specifically to meet each customer's needs.

Mission

To create sustainable relationships with our growers, providing the best service to our customers with natural and organic ingredients.

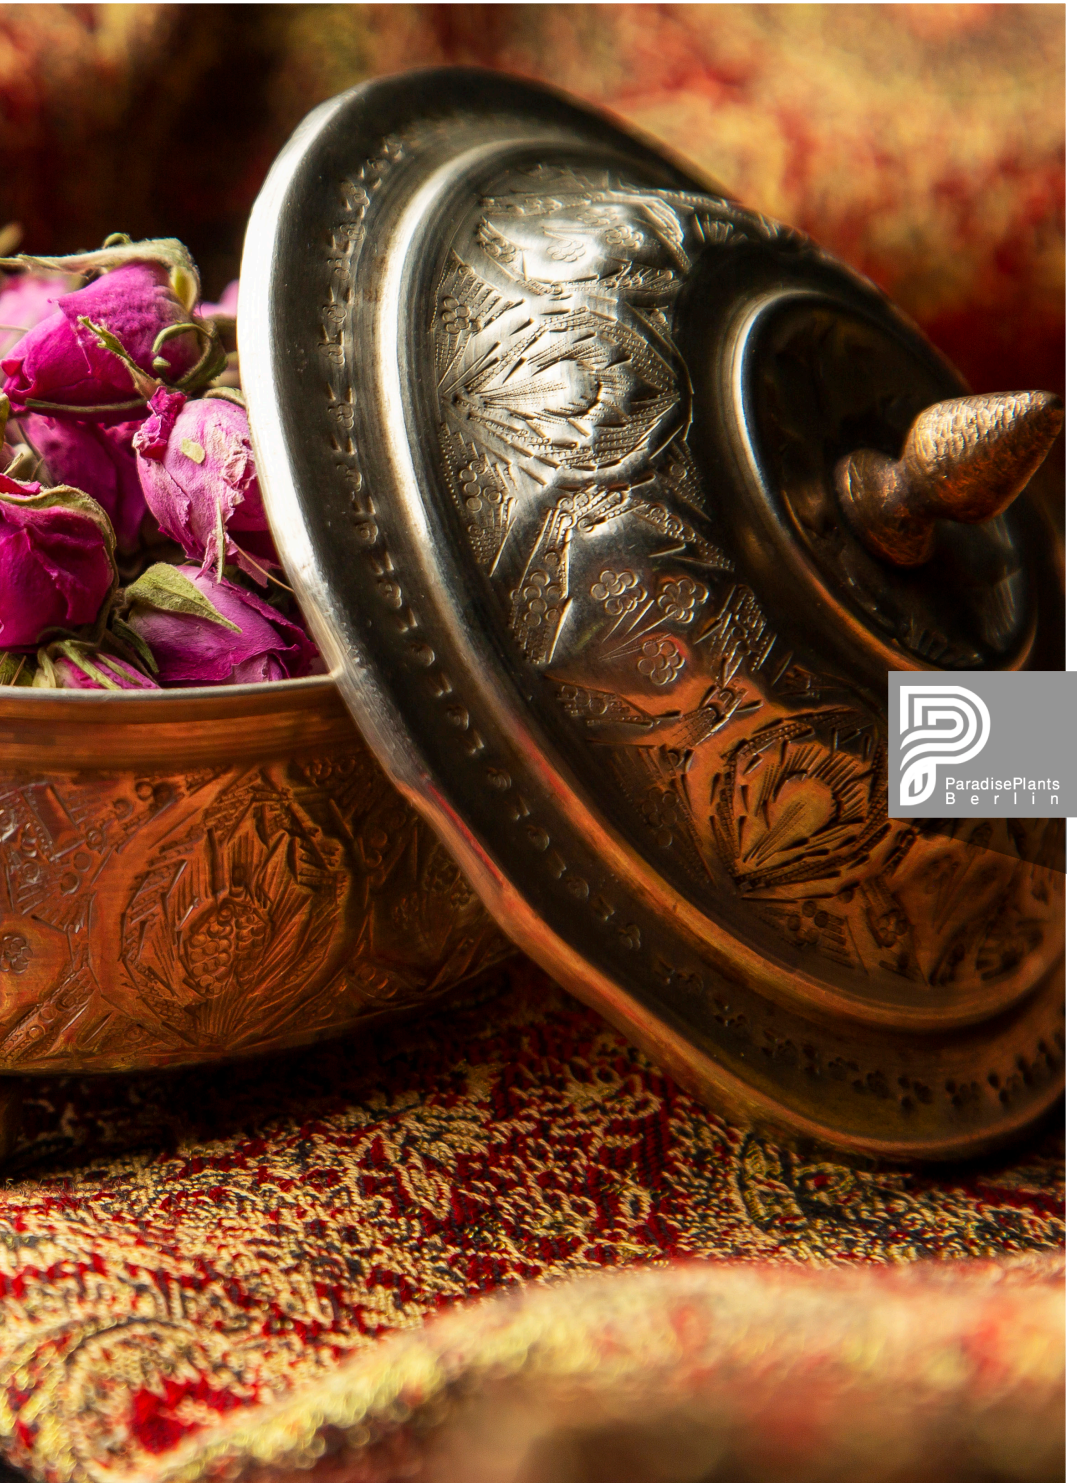

Vision

A world build on strong, sustainable foodservice practices.

Responsibility

Conservation, compassion, sustainability and quality
Honesty, quality, innovation, equity and efficiency

PARADISE PL

Herbs and Raw Ingredients for Tea

Nature can heal. Returning to nature is returning to our roots. Using herbs and herbal teas is bringing nature back to our lives. They are refreshing as well as remedies for ailments of the body and soul.

Orange Flower

Mallow Flower

Henna Powder

pomegranate peel

PARADISE PLANTS

Spices

These treasures of nature are the essence of creating delicious meals.

Cinnamon

Coriander Seed

Cumin Seed

Ginger

Saffron

ANTSBERLIN

Dried Fruits

Throughout history, dried fruits have been a part of people's lives. While they were used in food or bread, fruits were mostly dried for having nutritious snacks available in cold seasons. And a taste of summer in the middle of winter. Nowadays you can enjoy the taste of dried fruits from different countries at any time of the year!

Figs

Banana

Barberry

Raisin

Dates

PARADISE PL

Nuts & Kernels

While the taste of these ancient foods bursts in our mouths, the little energizing gems protect our health and provide us with an incomparable density of valuable nutrients.

Green Kernel

Iranian Almond

Pistachio

Cashew

Hazelnut

ANTSBERLIN

Gums & Resins

Mother Nature gives us all she has. Even tears exuding from barks and veins of trees are beneficial for our health and are also used in many industries.

Almond Gum

Asafoetida

Galbanum

Gum Tragacanth

Persian Gum
